## Sponsorship Opportunities

**Dominican Republic** Children in this program attend an ASON supported Christian school and attend three ASON sponsored annual events (Birthday Party, Christmas Party and Summer Camp). The children receive a quality academic education, sound Biblical teaching, support and guidance.

Your partnership with ASON through our Child Sponsorship Program enables us to have an impact on children, families, communities and even entire countries. As the children grow into educated and competent godly young men and women, they will serve as leaders in their homes, churches, businesses,

communities and perhaps their government. The children who receive a solid Christian foundation, quality academic education and hope for a prosperous future through Child Sponsorship will be among those who serve to provide that same hope to others. The vision for the future expands with each sponsored child.

**Ghana** Our children in Ghana live in a very poor, environment, surrounded by Islam and animism. The parents of many children in this community die from HIV/AIDS and abandonment by fathers is common. Our sponsored children attend a Christian school that offers opportunity and hope for their future. They eat a meal at school every day which quells their hunger for food and they receive spiritual nourishment by hearing the Gospel message of our Lord Jesus Christ.

**India** Children in this program reside in a loving, safe orphanage established in 2004 by a Christian national and his wife. Academic study and spiritual growth are fostered and the children are dedicated to growing in their faith. Sponsorship of a child in this home must be established prior to a new child being brought into the orphanage.

*"For I know the plans I have for you," declares the Lord "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11*
